

## The 10 tastiest nonalcoholic beers we've tried for Dry January

### [Bravus Brewing Co.](#)

While it's true that Bravus touts a cornucopia of awesome nonalcoholic beers (the [Blood Orange IPA](#) is not to be missed), it was their Focus Sparkling Hop Water that truly stood out to me. With bright, zesty notes of ginger and lemon, plus adaptogens, Amarillo and Citra hops, this five-calorie treat is officially replacing my afternoon La Croix.
